

BRIDAL SHOWER GAMES INSTRUCTIONS

guest bingo

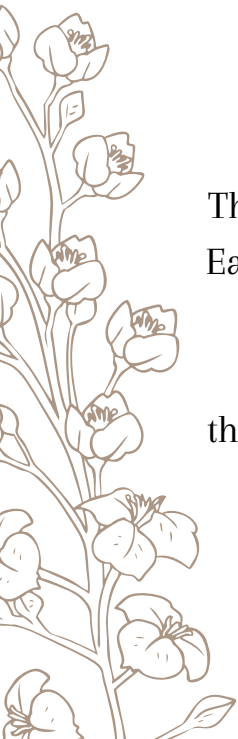

This is a great ice breaker game to get all your shower guests mingling and acquainted with one another. Each guest will get a bingo card to go around the room and find someone to initial a square. They can only have a person's initial once on the entire card, so everyone needs to be strategic in order to get 5 in a row. The first person to complete this must yell BINGO. From there you can keep playing for as many prizes you have to hand out.

bridal mad lib

This game is sure to bring all the laughs! Break up into teams to see who has the best "key to a good marriage" for the bride. Each team will get one card to fill out the missing words and then later one mad lib card. Start the game by giving each team 5 mins to fill out the "words" card. Once done then hand out the "mad lib" card to fill in. Choose one guest per team to read their card out loud to the bride so that she can pick the best mad lib for a "key to a good marriage!"

who am i?

This is a great game to learn how the bride knows everyone at the shower. Each guest will receive a card that says "who am I?" The object of the game is to write a memory of the bride or a story of how you met without signing your name or leaving obvious details. Once everyone fills out their card, the bride must read them aloud and guess who wrote what. For each answer she gets wrong that guest receives a prize, so try to make your card as tricky for the bride as possible.
